

Event Information: Cheers to "B"

Join **B THE DIFFERENCE** for our Second Annual **Cheers to B!** event. Guests will enjoy incredible eats and treats from Catering the Event, while sipping, tasting and experiencing Whispering Angel, Château D'Esclans and Specialty Cocktails all in an effort to raise awareness of Neurofibromatosis. The evening will culminate with a live auction, music and of course, dessert! All proceeds benefit **B THE DIFFERENCE** as we strive to "**B THE DIFFERENCE**" in the lives of those afflicted with this disease.

DATE: SATURDAY, NOVEMBER 1, 2014

TIME: 7:00pm-10:00pm

LOCATION: THE DAUER MUSEUM OF CLASSIC CARS - 10801 N.W. 50TH STREET, SUNRISE, FL 33351

About B THE DIFFERENCE

B THE DIFFERENCE was founded in October 2011 by sisters Stephanie Merritt and Jessica Merritt Roberts to honor the memory of their brother, Brandon. Brandon passed away in February 2011 due to Neurofibromatosis (NF) a disease that targets the nervous system by developing tumors on any nerve ending. **B THE DIFFERENCE**, the name and trademark of the Brandon Merritt Charitable Foundation, is not just a catchy name- we truly strive to "**B THE DIFFERENCE**" in the fight for a cure for Neurofibromatosis. We are a 501(c)(3) not-for-profit organization, formed to support organizations dedicated to researching treatment and a cure for Neurofibromatosis, and to assist individuals who are currently battling this disease.

About Neurofibromatosis (NF)

- NF can occur both spontaneously and genetically and affects 1 in 3,000 births.
- NF is more prevalent than Cystic Fibrosis, Muscular Dystrophy & Huntington's Disease combined.
- NF is worldwide, affects both sexes equally and has no particular racial, geographic or ethnic distribution.
- NF can lead to disfigurement, blindness, skeletal abnormalities, dermal, brain and spine tumors, loss of limbs, severe balance problems, malignancies, learning disabilities, deafness and intense pain.
- NF research has grown exponentially in the last 20 years spearheaded by The Children's Tumor Foundation.
